1 Introduction

This is a math note template. You can use it to write your math notes and include mathematical equations.

2 Equations

Here are some example equations:

$$f(x) = ax^2 + bx + c \tag{1}$$

$$\frac{d}{dx}(e^x) = e^x \tag{2}$$

Equation 1 is a quadratic equation, and Equation 2 is the derivative of the exponential function.

3 Conclusion

Feel free to add more sections and equations as needed. Happy note-taking!
